APPENDIX E: Sample Resume Typeset in Plain TeX

There are a number of “canned” resume style sheets available for use with LaTeX, however it really isn’t too terribly difficult to prepare a a presentable resume using only plain TeX.

The following sample illustrates one sort of resume you can readily generate; a machine readable copy of the raw TeX commands used to typeset that resume is available to OREGON VAX users as:

```
TEX$DISK:[TEX.SAMPLES]RESUME2.TEX
```

On other systems get a copy of that file via anonymous FTP.

FTP to `DECOY.UOREGON.EDU (128.223.32.19)` and see directory `pub/tex/samples`.
