

## INDEX

absolute value bars .....	31.
abutting lines .....	3.
acknowledgments .....	ii.
algebra of sets .....	26.
aligning and numbering multiple equations .....	23.
ambiguous; you need another .....	40.
ampersand sign .....	4.
androgynous double quote mark .....	4.
backslash .....	5, 31.
baselineskip .....	9.
basic information about entering equations .....	24.
bigskip .....	9.
block quotations .....	10.
block-style format .....	6.
bold .....	8.
books typeset in tex .....	2.
braces .....	31.
brackets .....	31.
building your tex document .....	36.
caret .....	5, 27.
carriage-returns .....	3.
case of dvips command line arguments .....	42.
case structure .....	32.
centering text .....	11.
combination notation .....	32.
command abbreviations .....	34.
comments .....	6.
comp.text.tex .....	44.
computer modern roman font .....	3, 7.
concatenating lines .....	3.
contents .....	iii.
control space .....	3, 24.
converting your .dvi file into postscript .....	41.
copyright .....	ii.
copyright symbol .....	5.
cube roots .....	29.
dagger .....	5.
dashes .....	4.
decoding tex errors .....	38.
decoding the table building commands .....	17.

decoy.uoregon.edu .....	ii.
dedication .....	ii.
default file extension .....	37.
default font size family .....	7.
default margins .....	14.
default page size .....	14.
defining tex .....	36.
defining your own tex commands .....	34.
definitions .....	34.
differences between tabbing and formal tables .....	17.
disclaimers .....	ii.
displayed equations .....	21.
dollar sign .....	4.
dotless characters .....	27.
double dagger .....	5.
double quad .....	24.
double quote mark .....	4.
double subscript .....	40.
double-spacing .....	9.
dvips .....	41.
dvips features .....	42.
editing your tex document .....	36.
ejecting a page .....	14.
ellipsis .....	4.
em-dash .....	4.
embedded vs. displayed equations .....	21.
en-dash .....	4.
end occurred inside a group at level one .....	8, 39.
ending your tex document .....	14.
endnotes .....	12.
enspace .....	3.
entering text .....	3.
equation spacing .....	21.
errors .....	39.
evenly spaced tab stops .....	15.
flush left .....	11.
flush right .....	11.
font size .....	7.
font style .....	8.
fonts .....	42.
fontsize.tex .....	7.
footnotes .....	12.
forcing page breaks .....	14.

foreign characters .....	5.
formal ruled tables .....	16.
forward slashes .....	31.
fractions .....	30.
graphics .....	42.
greater than sign .....	4.
greek letters .....	25.
group .....	8.
hat .....	5, 27.
headers .....	13.
hfill .....	11.
hsize .....	14.
hyphen .....	4.
indentation .....	6.
inferior accents .....	5.
insertions .....	14.
integrals .....	33.
introduction .....	1.
italic .....	8.
large fractions .....	30.
large grouping operators .....	31.
leaving space for insertions .....	14.
left curly brace .....	5.
less than sign .....	4.
limits .....	29.
line spacing .....	8, 9.
logic symbols .....	26.
login.com file .....	36.
lowercase roman numeral page numbers .....	13.
making large fractions .....	30.
making large grouping operators .....	31.
making new roman font math symbols .....	28.
making paragraphs .....	6.
margins .....	14.
math accents .....	27.
mathematical operators .....	26.
matrices .....	32.
medium space .....	24.
medskip .....	9.
misplaced alignment tab character .....	40.
missing \$ inserted .....	40.

missing number, treated as zero .....	40.
missing text in a document .....	6.
multi-letter tied accents .....	5.
multiple equation alignment .....	23.
narrower .....	10.
negative thin space .....	24.
new roman font math symbols .....	30.
nopagenumbers .....	13.
normalbaselineskip .....	9.
numbering a block of equations .....	23.
numbering equations .....	22.
overfull hbox .....	39.
overprint screens .....	42.
page breaks .....	14.
page counter .....	13.
page numbers .....	13.
page size .....	14.
paragraph symbol .....	5.
paragraphs .....	6.
parentheses .....	31.
percent sign .....	4, 6.
points .....	7.
postscript fonts .....	42.
postscript graphics .....	42.
pound sign .....	4.
prefatory matter page numbering .....	13.
previewing your document on screen .....	35.
printing only certain pages of a document .....	41.
printing your postscript output .....	43.
psp .....	43.
punctuation .....	3.
qqquad .....	3.
quad .....	3, 24.
quote mark .....	4.
radicals .....	29.
redefining tex commands .....	34.
right curly brace .....	5.
roman font words in math mode .....	24.
roman numeral page numbering .....	13.
roman-font mathematical “words” .....	28.
ruled tables .....	16.

running tex .....	37.
script letters .....	25.
section symbol .....	5.
sigmas .....	33.
size of subscripts and superscripts .....	27.
skipping a single line .....	9.
smallskip .....	9.
spaces .....	3.
spanish punctuation .....	5.
special characters .....	4.
special foreign accents/characters .....	5.
square roots .....	29.
subscripts .....	27.
summations .....	33.
superior accents .....	5.
superscripts .....	27.
system dependencies .....	ii.
table body .....	20.
table headings .....	19.
table template .....	18.
tables .....	16.
tabs .....	3.
tex books .....	44.
tex on the oregon vax 8800 .....	35.
tex users group .....	44.
tex-ing your document .....	37.
the tex execution cycle .....	35.
thick space .....	24.
thin space .....	3, 24.
tilde .....	5.
too many \$'s .....	39.
top of page .....	14.
trademarks .....	ii.
trigonometric functions .....	28.
tug .....	44.
typesetting equations .....	21.
typesetting formal ruled tables .....	16.
typesetting tabular material .....	15.
undefined control sequence .....	38.
underbar .....	9.
underfull vbox .....	39.
underlining .....	9.

underscore .....	4.
unevenly spaced tab stops .....	15.
uploading your tex document from a micro .....	36.
using tabs .....	15.
vbox .....	14.
vertical bar .....	4, 31.
vms command history feature .....	38.
vsize .....	14.
wave .....	5.
what if I get stuck? .....	44.
what is tex? .....	1.
where from here? .....	44.
white-space .....	3.
wide math accents .....	27.
xerox 4045/160 .....	41, 43.

“It made me dizzy. I could not understand enough of it to feel safe. I thought, You could die here, or — trapped inside — go crazy.” Paul Theroux, *The Mosquito Coast*.

“It’s so easy, easy ...” Guns N’ Roses, *Appetite for Destruction*.
